

PALISADE

Bold Premium

Set new standards of a flagship SUV with the all-new PALISADE. The striking design paired with bold stance and refined craftsmanship, further strengthening premium identity.

Exterior

With a bold, architectural silhouette, the all-new PALISADE showcases premium proportions and a confident stance, establishing a commanding presence.

LED DRL & Positioning Lamps / Full LED Headlamps (Projection Type)

21-inch Alloy Wheels

Side Mirrors (LED Turn Indicators)

LED Rear Combination Lamps / Wrap-Around Skid Plate

Bold Presence

A classy silhouette paired with a luxury-evoking design exudes an unparalleled, commanding presence.

Premium Front Fascia

Premium Living Space

Interior

Calming space crafted with sophisticated fit and finish in every detail, focused to provide refined comfort.

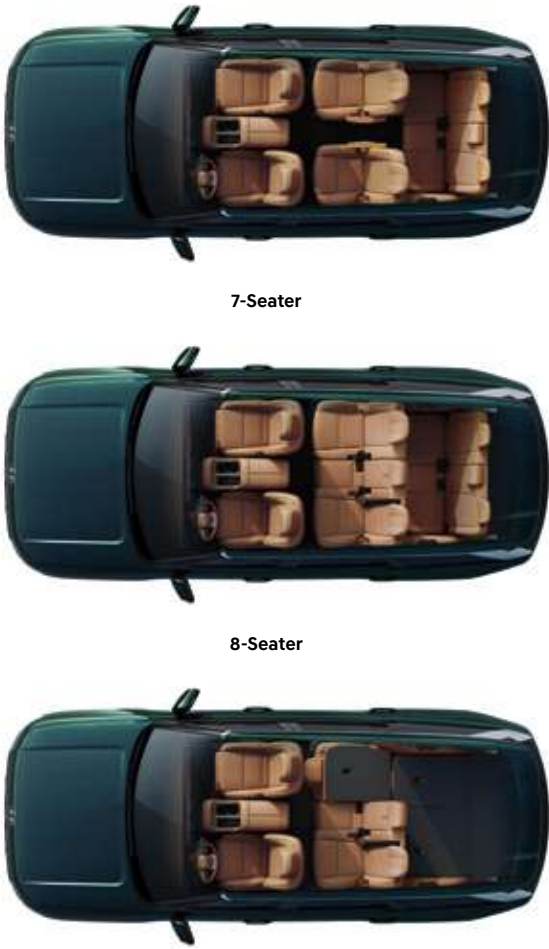

Ambient Mood Lighting / Panoramic Curved Display (12.3-inch Cluster)

The all-new PALISADE is designed to adapt to diverse needs to ensure premium comfort and tailored experience for everyone.

Captain Seats (7-Seater) / Dual Panoramic Sunroof

8-Seater 6:4 Folding Seats (2nd row)

Remote Folding Seats (2nd & 3rd row)

Remote Folding System
Flat Folding Seats (3rd row)

Convenience

Discover new levels of comfort with thoughtfully placed charging options and a refined cabin layout, designed to make every journey effortlessly relaxing.

Premium Relaxation Seats (7-Seater / 2nd row)

Digital Center Mirror (Full-Display Rearview Mirror)
100W High-Output USB-C Ports

Island-Type Console

Fingerprint Authentication System

Head-up Display (HUD)

Bose® Premium Sound System (14 speakers)

Ergo Motion Driver Seat

Performance

The perfect balance of refined power and efficiency with sophisticated technologies enhances the flagship driving experience.

**Smartstream Gasoline
2.5 T-GDI Engine**

277 Maximum Power
HP/5,800 rpm

43.0 Maximum Torque
kgf-m/1,700~4,000 rpm

4WD HTRAC
PALISADE AWD provides optimal driving performance through actively distributing driving force to the front and rear wheels according to various driving situations.

Hybrid

New hybrid system delivers powerful yet efficient power, with the onboard battery providing EV-like driving experience.

Smartstream Gasoline 2.5 T-GDI Hybrid Engine / Electric Motor	System	46.9	Combined Maximum Torque kgf-m/1,000~4,500 rpm	Engine	258	36.0	Maximum Torque kgf-m/1800~4500 rpm
	Combined Maximum Power / HP			Maximum Power HP/5,800 rpm			

1,107 km Hybrid Driving Range

Stay Mode
Paddle Shift-Regenerative Braking Mode

* Stay Mode will not operate if any of the following conditions occur:
if the State of Charge (SoC) is below 35%, the low fuel warning light is on
or the main battery relay is off, or if the vehicle is not in Park (P).

e-Comfort Drive

When passing speed bumps, this hybrid technology manages the motor to reduce vehicle pitch motion and provide a smooth ride.

When accelerating, the hybrid system controls the vehicle's motion such that the driver experiences less shaking and more linear acceleration.

e-Dynamic Drive

When the vehicle approaches a turn, the hybrid system regulates the vehicle's movement to execute torque vectoring while simultaneously maintaining the ideal level of tire grip for dynamic handling performance.

During lane change, this function provides a quick yaw response and improved cornering stability.

Safety

Advanced and proactive safety technologies are embedded into the design, prepared to assist and protect, ensuring peace of mind with the all-new PALISADE .

7 Airbags

Blind-Spot View Monitor (BVM)

Surround View Monitor (SVM)

Safe Exit Assist (SEA)

Hyundai SmartSense

Forward Collision-Avoidance Assist 2 (FCA 2)

Alerts the driver if the vehicle ahead is slowing down too quickly or if there is the potential for a forward collision with stationary vehicles, pedestrians, cyclists ahead, or approaching vehicles on the road, and activates the brakes in the event of an impending collision. Forward Collision-Avoidance Assist also brakes automatically to avoid an impending collision with vehicles or cyclists ahead on the road or approaching from either side while making a left turn at an intersection. It automatically assists steering when there is a risk of collision with a vehicle in the next lane while changing lanes, or a pedestrian on the edge of the lane.

Blind-Spot Collision-Avoidance Assist (BCA)

Blind-Spot Collision-Avoidance Assist (BCA) warns you if there is a risk of collision with a rear side vehicle in the blind-spot while changing lanes. When forward exiting a parallel-parking spot, if there is a risk of collision with a vehicle approaching from behind, it automatically assists with emergency braking.

Lane Following Assist 2 (LFA 2)

Lane Following Assist helps center the vehicle in the lane.

* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.

* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.

* Actual specifications may vary depending on the trim, powertrain and specifications selected.

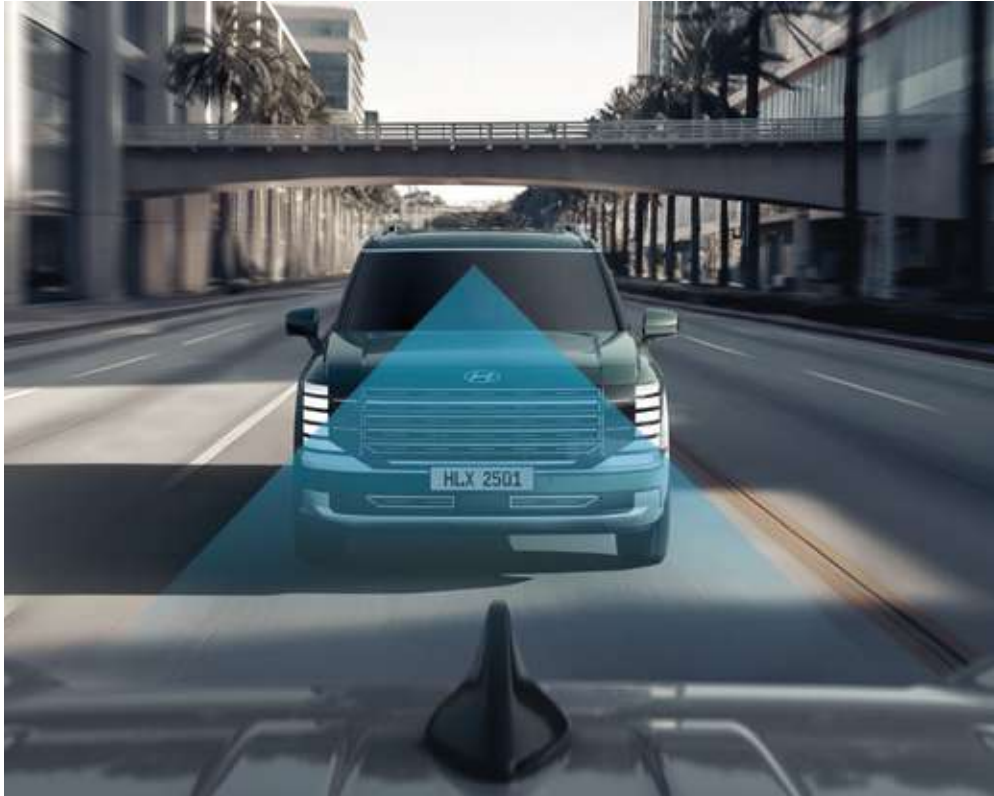

* Features and specifications may vary by market. Please consult your local dealer.

* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.

* Actual specifications may vary depending on the trim, powertrain and specifications selected.

* Features and specifications may vary by market. Please consult your local dealer.

Smart Cruise Control (SCC)
Smart Cruise Control (SCC) helps maintain distance from the front vehicle and drive at a speed set by the driver. Automatically stops when the front vehicle stops and automatically starts when the front vehicle departs within a short time.

Lane Keeping Assist (LKA)
If driving above a certain speed and the driver leaves a lane without the turn signal switch being operated, it provides a warning. When a lane departure is detected, it automatically assists with steering to help prevent leaving the lane.

Parking Collision Avoidance Assist (PCA)
Reverse Parking Collision Avoidance Assist (PCA) provides a warning if there is a risk of collision with a rear object while reversing. After the warning, if the risk of collision increases, it automatically assists with emergency braking.

Forward/Side/Reverse Parking Distance Warning (PDW)
Forward/Side/Reverse Parking Distance Warning (PDW) warns against collisions with objects around the vehicle at low speeds.
